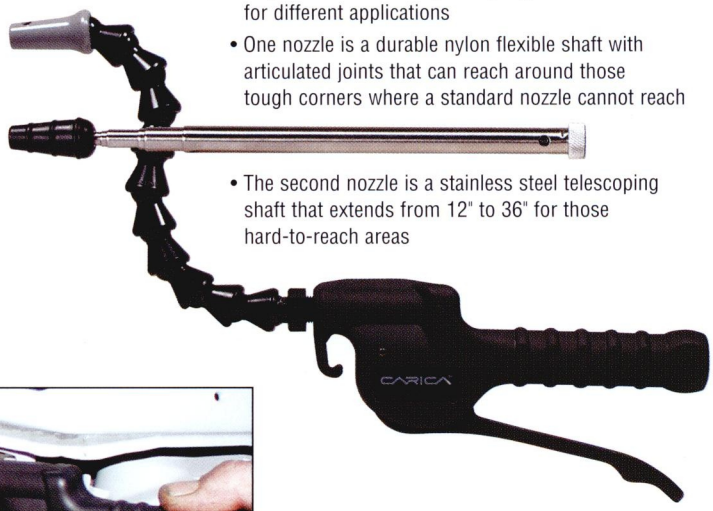
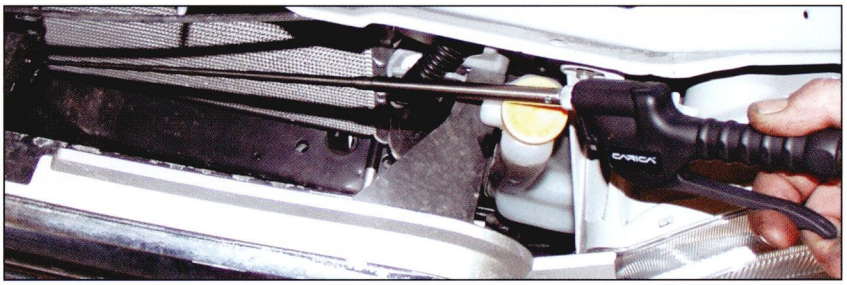
17255 Interchangeable Airgun - Flexible and Telescoping Shafts



- Airgun comes with a lightweight gun and two nozzles for different applications
- One nozzle is a durable nylon flexible shaft with articulated joints that can reach around those tough corners where a standard nozzle cannot reach
- The second nozzle is a stainless steel telescoping shaft that extends from 12" to 36" for those hard-to-reach areas



Ideal for work - or the home shop!

Telescoping Magnetic Pick-Up Tool Sets

- Telescoping magnets to grab items in tight, or not so tight places
- The 17810 and 17830 use CaricaHed™ technology to virtually eliminate magnet side pull, and have solvent-resistant PVC grips
- No outer ring to lose
- Heavy-duty stainless steel shafts
- The 17800 pen tool is for light-duty pick-up
- The 17830 swivel head pick-up tool swivels 180°, and rotates 360°

Endless Applications!

2 Pc. Set No. 17910

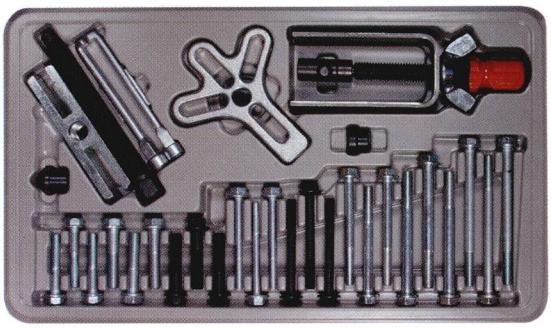
MADE IN U.S.A.

7605 Master Remover Set

- Complete set removes steering wheel, harmonic balancer, gears and components with threaded holes
- Fits older and newer style cars
- Variety and size assures widest range of coverage



Pullers

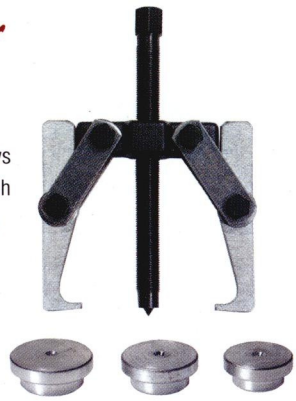
- Uses yoke and cross style pullers for different applications
- Extra long bolt is included, no collar or spacer is necessary
- Complete set pulls most steering wheels
- Contains both swivel adapters for steering wheels and harmonic balancers
- Includes GM legs

Steering Wheel Lock Plate Remover

- Compresses, removes, and installs the steering wheel lock plate
- Special bolt design allows technician to work on different car models without changing the tool assembly
- Changes from SAE to Metric without changing the threaded stem
- No wrench or screwdriver is necessary to attach to steering column or compress the plate
- Yoke has been improved to fit newer style cars along with older style cars

2543 Differential Side Bearing Puller

- Removes differential side carrier bearings on cars and light trucks where there is sufficient clearance behind the bearing to insert the jaws
- Pull is on the inner race 3-1/4" reach
- Includes three adapter sizes that fit most popular models to plug axle shaft holes in the differential, and to provide a center for the forcing screw of the puller



1000 4 Pc. Upholstery Clip Set

- Upholstery clip set contains standard size and mini clip remover tools
- Tools quickly remove the upholstery clip from the car door
- The removers fit a variety of sized clips

Set includes:

1001 Upholstery Clip remover
1002 Upholstery Clip Remover (designed for GM and VW)
1008 Mini Clip Remover
1009 Mini Clip Remover
